HARRY NEW PLEADS INSANITY RACKET

AN ANONYMOUS LETTER FIGURES IN THE CASE AND IS BEING INVESTIGATED BY THE AUTHORITIES

By the Associated Press

LOS ANGELES, Dec. 24.—Continuation of efforts of the defense to establish the alleged insanity of Henry New was expected with the resumption of the trial of New charged with the murder of his sweetheart Miss Lessner.

One anonymous letter on scented note paper and apparently written by a woman came from Detroit, Michigan, and is as follows:

"Dear Sir:—Perhaps it would interest you to know that three persons were in the party July 4, that resulted in the death of Miss Lessner. Don't convict an innocent man."

This letter as given to the court authorities for further investigation, there being persistent reports that a third party was connected in the murder or at least a witness to the shooting.

INVESTIGATION WILL BE RESULT AS TO DECORATIONS

By the Associated Press

WASHINGTON, Dec. 24.—A congressional investigation it was indicated today might result from the controversy between Admiral Sims and Secretary Daniels over the awards of the secret service medals in the Navy.

The report of the declaration has been transmitted to the Senate Naval Committee by Secretary Daniels at the request of Chairman Page. Representative Lufkin, Republican of Massachusetts, member of the Naval Committee, said he would ask for a similar report.

PARENTS OFFER BABY FOR SALE AS SOON AS BORN

SAN FRANCISCO, Dec. 24.—Mr. and Mrs. Herbert Barnett are today awaiting replies to the following advertisement they inserted in the newspaper:

"WANTED—Some one to adopt child at birth; due about Christmas, references exchanged."

Barnett explained they already have two children, a girl 3 and boy 2, and that they cannot afford any more. He stated that whoever adopts the child soon to be born, must pay for it and in addition must guarantee a good home and future for the baby.

BOSTON, Dec. 24.—"Mercy, how terrible," exclaimed Dr. Evangeline W. Young, widely known Back Bay physician, when told today of the offer of the San Francisco couple to sell their unborn babe, "I hope," continued Dr. Young, "that the statement attributed to the father (that whoever takes the child must pay for it) is incorrect. It is a splendid thing to offer the infant as a gift, but to sell it—that is too horrible to discuss."

"Where a man and his wife have a number of children, taking into consideration present economic conditions, I think it a splendid thing for them to be willing to share their children with others who long for little ones in their homes."

KANSAS FARM PRODUCTS EXCEED BILLION DOLLARS

By the Associated Press

TOPEKA, Kans., Dec. 24.—For the first time in the history of the state, the farm products and livestock raised this year exceed a billion dollars in value. The annual report on farm production issued today by the state board of agriculture shows the aggregate values to be \$1,870,000,000. High prices for farm products rather than unprecedented yields were responsible for the showing, the report states.

UNCLE SAM WILL QUIT SENDING GUNS TO MEXICO

By the Associated Press

WASHINGTON, Dec. 24.—Revocation effective Jan. 1 of all licenses issued by the war trade board prior to last Sept. 30 for the exportation of arms or munitions of war to Mexico was announced today by the state department.

The baby girl of Roy Meeks, city mail carrier, has been quite ill with Lagrippe but is reported to be a great deal better today.

Out of everything you get exactly as you put it into it. If you feel that Christmas has degenerated into a mere commercial barter of gifts, seek the cause in your own self.

GERMANY MUST SAVE OR PERISH

GENERAL TASKER H. BLISS SAYS FOOD SUPPLY SHOULD BE POLLED AND PUT UNDER HEAD

By the Associated Press

WASHINGTON, Dec. 24.—Europe's most urgent need today is the polling of its food supply and establishing proper utilities under a director general, is the opinion of General Tasker H. Bliss, a member of the American peace delegation who reached Washington today from Paris.

Germany should be included in the economic revolution, General Bliss said. With Germany excluded he declared, there would be elements of discontent which would be certain to react on other countries.

General Bliss saw no possibility of including Russia in the plan, but he said if the Russian so-called government "would play fair with the rest of the world for thirty days, during that time the distribution of necessities could be brought to include Russia."

White Way Plan Approved By The Executive Board

The proposed "White Way" for Ada has been approved by the executive committee of the Chamber of Commerce and positive steps have been taken to insure its early establishment. A special committee composed of C. V. Gowing, Harmon Ebey and James M. Colman, has been appointed to consider ways and means of opening the white way.

The plans now in mind contemplate a white way from the Frisco to the Katy along Main, with two blocks on Broadway, two on Townsend, and one on 12th. Just how many lights are to be put in and how the way is to be financed are matters left for the committee's determination.

Two Jake Cases Disposed of In Police Court

Coleman Perry and Morris Parnache were arraigned before the mayor in police court this morning. The charge against these two citizens was that they had exceeded the speed limit in imbibing the brew that reverses the memory of past events and superinduces conversation. Each was assessed \$8.75 for his delinquency.

MINERS LEADERS OF THREE STATES IN A CONFERENCE

By the Associated Press

PITTSBURG, Kans., Dec. 24.—August Doroshy, district vice president, and Thomas Harvey, district secretary-treasurer, are in Kansas City today for a meeting of the union officials of Kansas, Oklahoma, Missouri and Arkansas. Thomas Cunningham, traveling auditor in charge of the miners' headquarters, was attempting to establish communication with Alexander Howat, who was expected to be in Kansas City for the meeting. No order for the meeting of the district executive board has yet been issued. It was understood. A dispatch from Indianapolis last night said that Howat had telegraphed a call for the meeting of the board.

NO PAPER TOMORROW

In keeping with a custom of the News established at the beginning, as well as the custom of nearly all the newspapers in the country, there will be no issue of the paper tomorrow, Christmas day.

The sentiment that inspires the celebration of this holiday, prevalent throughout the Christian world, cannot but approve of a day of rest and worship on the part of every human being that believes in Him who said, "My kingdom is not of this world."

The News again extends happy felicitations and most hearty greetings and good wishes to every reader and every job printing and advertising patron. May your tribe increase, and may you live long and prosper.

To Our Friends

An Appreciation

It is the season of Christmas cheer in all the homes where subscribers to this paper dwell.

Christmas also in the minds and hearts of you good friends of ours.

Christmas, with all that term implies as to universal fellowship, bounteous unselfishness and renewed recognition of the fact that to give is actually better than to receive.

As you have put into anything, that much will you get out of it. Out of the interest you have taken in this paper during the past year we hope you have derived an equal personal pleasure. Your appreciation has made this paper's issuance a congenial work to us of the staff.

And likewise in that same spirit which makes Christmastime what it is, we take this opportunity of expressing our thanks to the business men of this community, and of the territory within which this paper circulates, for their cordial co-operation in practical ways which has made it possible for us regularly to present our best editorial efforts to the community in a creditable manner.

May the kindly glow of this holiday season color life for you and yours throughout the coming year.

ORANGE EXPOSITION A GREAT COAST AFFAIR

By the Associated Press

SAN BERNARDINO, Calif., Dec. 24.—More than 1,000,000 oranges will be used by the citrus fruit growers of California to build their annual exposition, the National Orange Show, to celebrate the 150th anniversary of the planting of one of California's first orange trees, by Padre Dumetz, a Franciscan.

The exposition will be held in San Bernardino, February 13 to 23. Florida will send fruit to compete in some of the citrus fruit classifications.

For 10 years the citrus fruit growers of California have been entertaining many thousands of people from many states at their exposition. It will be laid out in a great garden of flowers at a park and citrus fruit communities of the state will vie with each other in the splendor of their works of art created from the golden fruit.

The site of the orange show is to be the spot where the Franciscan padre planted the first orange tree of the region.

Prizes will be awarded to the growers who produce the choicest oranges, grapefruit and lemons. Last year more than 100,000 people attended the exposition, which has become one of California's most famous mid-winter events.

Misses Lois and Mildred Bowie left yesterday for Stratford where they will spend Christmas.

Great White Victory Arch Being Pulled Down in New York

By the Associated Press

NEW YORK, Dec. 23.—The war is over for New York. Workmen are now pulling down the great white "Victory Arch" at Fifth Avenue and 23rd Street, erected that America's victorious legions returning from France might march beneath it in triumph. The "Welcome to our Returning Soldiers" signs are being removed from the municipal buildings. Orders have been given for the removal from the parks of the many "Welfare Huts" and other temporary edifices erected by soldier welfare organizations.

The big wooden battleship still "floats" in the center of Union Square, her Quaker guns dominating the reaches of Broadway and Fifth Street but is being used solely for peace-time recruiting for the navy. There is no indication when she will be scrapped as obsolete.

CENSUS SUPERVISOR WILL VISIT ADA

W. C. Geers of Tishomingo, census supervisor of the Fourth Congressional district, will be in Ada next Monday, December 29. He will meet the local enumerators of Pontotoc county in the district court room at 2:30 P. M., and give them oral instructions in the census work. All the enumerators are requested to be present at this meeting Monday afternoon.

CHRISTMAS AT THE WHITE HOUSE QUIET

By News' Special Service

WASHINGTON, Dec. 24.—Christmas day at the White House will be a quiet one. Owing to President Wilson's illness his grandchildren will not come to Washington and there will be no Christmas tree. The President will eat his Christmas dinner in his room. It will be served by Mrs. Wilson.

Tomorrow morning Mrs. Wilson will distribute presents to friends of the family and to children who live on the countryside along the route to the country club in near-by Virginia where the President has played golf since he has been in the White House.

Hundreds of presents and cards have been received at the White House, a large number being delivered today.

ANOTHER QUESTION TO BE CONSIDERED

PREMIER NITTI PROMISES A DEFINITE SETTLEMENT OF ADRIATIC QUESTION ON HIS RETURN.

By the Associated Press

ROME, Dec. 24.—Premier Nitti informed the council of ministers yesterday that he would leave on Thursday for Paris and return only after having obtained a definite settlement of the Fiume and Adriatic questions.

In consideration of the question at Fiume, another was taken up Sunday. It resulted in 75 per cent of the votes being cast in favor of the Italian government's proposal relative to future occupations of the city, according to the Giornale Italia. Newspapers state the basis of agreement was as follows:

The Italian government will keep in its possession the armistic rights reaffirming the right of Fiume to decide its own fate. Note is taken of the wishes of the city as expressed October 30, 1918, and reaffirmed October 30, 1919, and it is declared Italy will never accept another solution. Fiume will receive peninsular assistance, so if they be able to re-establish its life and resume its activities under the return of a free port.

Cupid Raises Batting Average In December

All records or the sale of marriage licenses have been broken during this month of December, according to Court Clerk A. R. Sugg. Since the first day of the month fifty-nine licenses have been issued by the office in Ada. The high number for any one day was reached last Saturday, when eleven licenses were sold. The following were issued yesterday:

James E. Allen, 37, Longview, Texas, to Vivian Armstrong, 20, Ada.

Noble B. Reeves, 24, Ada, to Ollie Weir, 22, Ada.

Dallas Clark, 21, Ada, to Ella Bush, 23, Ada.

Henry Oliver, 27, Ada, to Clara Pendleton, 21, Ada.

MAJOR GENERAL LEONARD WOOD WILL BE IN RACE

Mitchel, S. D., Dec. 24.—Word was received at the Republican headquarters here that Major General Leonard Wood, endorsed for president by the state convention on December 2, will file a formal announcement of his candidacy before January 7.

WE THANK YOU

The Evening News desires to express its appreciation of the many compliments paid it for the appeal for a less noisy Christmas we published yesterday afternoon. Many of Ada's best people have seen fit to compliment our stand in this matter and to approve our taking such stand. Their thoughtfulness is most gratifying to us.

We join the peace-loving citizens of Ada in expressing our pleasure that all unnecessary hilarity has passed away. The over-zealous and thoughtless have bowed to the published request of the authorities for less noise and are today refraining from the promiscuous firing of torpedoes and other explosives on the business streets. This is a real favor to women and children and the boys are to be commended for denying themselves a little fun for the sake of others.

The News appreciates the good will of the citizens and will continue to advocate what is for the best interests of the better element. If anyone fails to approve our appeals for law and order, he is commended to the reds of Russia who have sworn eternal war on order and bath tube and decency, and who will welcome to their midst anyone who thinks that he has an inalienable right to make a nuisance of himself. We seek to represent the better element only, and are always gratified when they are pleased with our stand on public matters. You know where to place those who disagree with this or who deny the wisdom of our state as many of you are to the facts.

NEWBERRY TRIAL PUZZLES SOLONS

THOUGHT THAT GRAND RAPIDS CANNOT ACCOMMODATE LAWYERS AND OTHERS AT SENATOR'S TRIAL

By the Associated Press

GRAND RAPIDS, Mich., Dec. 24.—The problems of providing accommodations for respondents, lawyers, newspapermen and court attaches when Senator Truman H. Newberry and 134 other persons indicted with him on charges of violating the election laws, are brought to trial late in January is causing United States district Judge Clarence W. Sessions some concern. All heavy furniture in the court room is to be replaced with lighter articles. Four rows of heavy benches in the rear of the room probably will be replaced by chairs, to seat twice as many persons. Judge Sessions also plans to turn over one of his private offices to stenographers and reporters.

"I think I will be able to provide room for the respondents," Judge Sessions declared, "but what am I to do with the newspaper men? I have been told there will be at least 50 here. Some probably will not get seats. I will provide for Grand Rapids and Detroit reporters and probably for the principal press services, but I am afraid reporters from places outside the state will not get places."

The trial is set for January 27th, and promises to be one of the most remarkable in the political history of Michigan. Attorneys for the defense, having lost their first battle when their motion for a list of government witnesses was denied by Judge Sessions, have until December 29th, to file notice of motions of demurrers. Unless these motions are over-ruled, hearing on them will be held January 25th.

EXPORTS EXCEED IMPORTS IN ALL AMERICAN PORTS

By the Associated Press

NEW YORK, Dec. 23.—Foreign trade handled in ten leading United States customs districts in 1919, according to statistics just made public here, aggregated \$8,842,769,000 in imports and exports of which New York led with 45.5 per cent. This port's proportion of the total imports handled was 44.3 per cent, and of the exports 46.3 per cent.

There was a lively competition for second place it was said, between Boston, Philadelphia, Baltimore, New Orleans, San Francisco and Seattle. New Orleans won for the first time in several years. Philadelphia crowded New Orleans so close that an addition of a million dollars to the value of the former's foreign commerce would have placed her in the lead. Seattle, Boston, San Francisco, Detroit, Baltimore, Galveston and Buffalo followed in the order named.

During the preceding fiscal year Seattle snatched second position from Philadelphia, which had just achieved it for the first time in many years.

Baltimore and Galveston lead Boston and San Francisco in the value of their exports, but the weakness of the first named ports lies in the paucity of their imports. There is no port in which imports exceeded exports, although they come nearer to balancing at Boston. Montreal led the North American ports except New York, with a total foreign trade of \$700,000,000 in value.

COAL INVESTIGATORS TO MEET AT PRESIDENT'S CALL

By the Associated Press

BOLSHEVIKI FORCES MAKE A TREMENDOUS CAPTURE

By the Associated Press

LONDON, Dec. 24.—The Bolsheviks captured 15 guns, 1000 horses and 300 men after defeating the forces of General Mamontoff in the region of Staroninsk, according to a wireless dispatch received from Moscow today. More than 1000 cosacks, including General Chelnokoff, were killed the dispatch adds.

Remember this Christmas day that love is the strongest thing in the world, and that the blessed life which began in Bethlehem is the image and the brightness of the Eternal Love.

THE MEN WHO EARN \$10,000 PER YEAR

THE KIND OF MEN WHO GET IT NEVER WRITE ASKING FOR POSITIONS SAYS STATES-MAN.

By the Associated Press

LONDON, Dec. 23.—Most healthy men and women are potential earners of \$10,000 a year, according to C. F. Higham, member of Parliament. Mr. Higham recently told members of the efficiency club how to earn this big income.

"Ten thousand a year men never write asking for a position," he declared. "The secret of how to obtain large incomes is to get others to work out your ideas, to have the courage of your convictions, to be able to say 'yes' or 'no' on the instant and to stick to your decision. Men who can make up their own minds and make up other people's minds are so few that only these few get \$10,000 a year or more in business."

Most men and women, he said, wait for opportunity to knock at the door and when it does they are usually too tired to get up. Opportunities are made. They rarely seek one out. If people want to earn \$10,000 they make up their minds to get it and let nothing stand in their way. If it is worth having it is worth fighting for.

Few \$10,000 a year men are really happy men, said the speaker. They have that terrible discontent that is never satisfied. The man who thinks he can earn \$10,000 a year should decide whether he really wants it. He will not get it if he does not make up his mind, and one day, when he gets it, he will probably regret it. A man should never envy the successful, but emulate them. He should show to his employers an infinite capacity for taking pains and be ready for any question or emergency.

"Be careful of your personal appearance," he proceeded, "look prosperous, act prosperous, be an optimist. Pessimists never get far. Be kind; that is a great virtue. Be courteous. It is the cheapest thing in the world and being so easy to do most people don't do it. Never break your word. The business world is ever on the lookout for reliable men."

"Sack yourself from the job that does not make you happy to perform it. No man ever got on if he bemoaned the fate that placed him in 'that business'. You must take chances if you want big prizes. Have faith in yourself or no one else will. The world judges you by what you can do—not by what you say you can do."

"The greatest business task in the world," he concluded "is the organization and development of the British Empire. Its managing director, David Lloyd George, considering his great capacity, energy, vision and decision, is the poorest paid Managing Director in the world. He needs a dozen \$10,000 a year men to help him. But the state also, limits his authority for paying for brains to a few thousand a year. His Minister of Labor, one of the most competent men in the kingdom gets a paltry \$2,000 a year—a first-class man on a third class income. The state must learn to pay its public servants better."

"Directors of great corporations need a new point of view also. Throughout the country directors getting fees of 500 pounds a year spend many wasted hours seeing how they can avoid paying a man \$10,000 a year to run the business while they waste \$10,000 a month for the shareholders while they debate the point. Directors of limited liability companies have still much to learn. And so has labor as a whole."

"No man who works eight hours a day for a minimum wage will ever earn \$10,000 a year. The labor leaders are working day and night trying to get shorter hours for those who labor. And they are poorly paid for their work also. (J. H. Thomas, president of the National Union of Railway Men) also is worth \$10,000 a year."

BAPTIST PASTOR EXPRESSES THANKS FOR CO-OPERATION To the Citizenship of Ada:

I wish to take this means of thanking not only the members of my own congregation for their loyal co-operation during the past nine months that I have been pastor of the First Baptist Church, but I wish also to thank that great army of friends of other churches and of no church, who have stood by me so splendidly and who have shown

their friendship in a thousand different ways.

Our church work has grown to splendid proportions during these months and it has been largely due to the loyalty and co-operation of all the people of Ada. I have lived in many places in the past several years, but I most unqualifiedly state that I have never lived in a finer community in my life, where the people stand more loyally by the churches and pastors, and that is saying a great deal, because I am from Mississippi.

I wish to thank the business men and especially the Ada News, for their fine co-operative spirit in helping us put over the Baptist Seventy Five Million Campaign, by taking the advertising matter so readily. I do not think another pastor in the state can say as much as I can of the business men of Ada; not a business man upon whom I called, refused to take at least one of the advertisements. It was largely due to your liberality in this direction that we were able to raise \$5,200.00, or nearly double our quota of \$2,750.00.

I wish to also thank all who have stood so loyally by our Sunday School and other church services. Our Sunday School has grown to magnificent proportions until we have one of the largest in the state with an average attendance of around 450. No pastor could expect better congregations than we have, the building being almost always taxed to capacity, with a large number of outsiders.

I am striving to be a friend to everybody, regardless of religious belief or whether of any belief, and it will be a delight to serve you in any way or at any time.

Thanking you again out of the

depths of my grateful heart for the many fine things you have done for me personally and for the success of our work, and wishing every one of you a most Happy, Happy Christmas and a Prosperous New Year, I am,

Cordially yours,
CLYDE CALHOUN MORRIS,
Pastor First Baptist Church.

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today. NC-13

Little Babe of Bethlehem

When sang the stars together
In the morning long ago,
The little Babe of Bethlehem
Slept in a manger low.
Wings of myriad angels swept
The trembling mists of morn,
When He who was Prince of them
In Bethlehem was born.

A king, and yet no diadem
Upon His brow to rest;
He had no pillow for His head
But His own mother's breast;
His palace was a stable,
Bare of knight or paladin,
When Christ the Lord of Heaven
Came to free the world of sin.

His eyes were soft as summer skies,
His brow as white as snow,
And round His head a halo shone
Like sunlight's golden glow.
But, He lay an outcast, hidden
From Herod's cruel harm—
The Lamb of God that nestled
Upon His mother's arm.

O little Babe of Bethlehem,
I see Thee sleeping there,
Thine eyes as deep as summer skies;
Thy brow so white and fair;
Again I see in wonder kneel
The shepherds of the fold,
The Magi with their gifts of myrrh
And frankincense and gold.

I see Thy mother Mary,
As in awe her hands caressed
Thy hallowed head of glory
Where it laid upon her breast;
I hear the crooning lullaby
That she so softly sings,
While Thy dear arm is round her neck,
Where tenderly it clings.

Far were Thy feet to wander
To seek the cruel tree,
And harsh the hands that waited
With their crown of thorns for Thee,
But Thou hadst that one happy hour
Of peace and joy and rest,
When Thy head was laid in Bethlehem
Upon Thy mother's breast.

TEACHER'S UNION TO TEACH LABOR

SCHOOL TEACHERS NOT GOING
INTO LABOR MOVEMENT
FOR MORE GAIN,
SAYS LEADER.

the Associated Press
NEW YORK, Dec. 24.—Education of union labor men, both leaders and rank and file, is one of the principal aims of the Associated Teachers' Union, local 71 of the American Federation of Teachers, which is just organizing in the faculties of the schools and colleges of New York. The Teachers' Federation is affiliated with the American Federation of Labor.

Professor Herman Defrem, of Columbia University, who is president of the Associated Teachers' Union, says the union professors and school teachers are not going into the labor movement merely for what they can get out of it themselves. Instead they plan to help their associates in the Federation of Labor along the path of knowledge.

They hope, by opening special courses for labor leaders in economics, management and production problems and kindred subjects, to develop a new type of leader who will co-operate in managing industries instead of spending his time, as Professor Defrem says, "bickering with employers." Under aus-

Get Well

It is indeed hard to stand at one side while the stream of life flows by. A man or woman condemned to sickness does not permit him or her to perform the active duties of life, to do his or her share of the world's work, is a pathetic figure deserving sympathy.

Much sickness, pain and misery result from disordered kidneys and bladder. Failure of the kidneys to do their work properly and filter impurities out of the blood leads to rheumatic pains, backache, sore muscles, stiff or swollen joints, puffiness under eyes, floating specks, biliousness, bladder weakness, nervousness, or other symptoms of kidney trouble.

Foley Kidney Pills

are effective in removing the cause of the trouble for they strengthen and invigorate weak or deranged kidneys and help them to normal functioning so that the blood stream is purified and the cause of disease removed.

F. M. Platte (Bakeman), Sec'y, Swedish Union, 515 Blaine St., Peoria, Ill., writes: "Two bottles of Foley Kidney Pills relieved all symptoms of my kidney and bladder trouble, stopping the backache and pains, correcting the kidney action, clearing secretions. I am also free from dizziness and floating specks before my eyes. Foley Kidney Pills cured me and have my heartiest recommendation."

pieces of the Teachers' Union two other sets of classes will be instituted, evening classes, in English, history, economics and any other subjects which wage earners in general may desire to pursue, and day courses for men on strike, so that their time may not be wasted.

The union teachers are in conference with the United Labor Education Committee on details. British Universities some time ago embarked upon a program of education designed particularly for wage earners but the idea has not made much progress in this country.

Higher wages for themselves, said Professor Defrem, is only a secondary aim of the educators. "We need more money but our first two aims are the democratization of our colleges and universities and the extension of the tenure of our office." Democratization, according to Professor Defrem, means surrender of the administration of educational institutions to the faculties, only financial problems being left to the decision of boards of trustees. The union aim will be the election of teachers, heads of departments, deans and other officials by the teachers themselves on a democratic ballot system, and settlement of educational problems by the same method.

Tenure of office of the college instructor, assistant and assistant professor would no longer be from year to year, dependent upon the action of the administrative officials, but would also be based upon the ballot, the term of the teacher continuing as long as his colleagues considered him efficient.

Letters To Santa Claus

Dear Santa Claus:

Please bring me a little wagon, blackboard, tiny football, tricycle, and, most of all, a little telephone pole I can climb. If you can possibly find one. Please remember Margie and Bobby. Your boy, Jack Faunt-Le-Roy.

Dear Old Santa Claus:

I do not want much this Christmas. All I want is a pop gun like those down at Shaw's, and a little red tin wheelbarrow and if possible, a Kiddie Kar and some fire-works. Lovingly, Douglas Lasater.

Dear Santa:

I am a little red-headed, freckle-faced boy. I don't want much this Christmas. All I want is a Kiddie Kar, a rocky horse and a red tin wagon. That's all I want. Your good little boy, Jack Moore.

Dear Old Santa Claus:

I am a little girl 10 years old. I want a sleepy doll if you have one.

UNDER THE DOUBLE CROSS

What's the matter with the coal operators, anyway? When 400,000 coal diggers walked away from the pits and proclaimed a strike, the operators declared their willingness to do anything in the world that is fair.

When cold and famine stalked hand in hand throughout the nation and millions of people were suffering with cold, the operators declared themselves ready to accept any compromise or take any step that would insure production.

Arbitration was first demanded by the mine operators of America. They pleaded with the strikers to arbitrate. They appealed to the government to force arbitration.

When a compromise plan was submitted by President Wilson the operators made no protest. By their silence they led the nation to believe that the president's plan was acceptable to them. The public believed it was acceptable to the operators, because the plan was exactly what the operators had asked for and because the operators maintained silence when the plan was put into effect.

The operators made no protest until the plan had been adopted. They made no protest until the miners had accepted the agreement and had returned to work in the mines. Then when the miners had resumed their labors and coal began to pour again from the mouth of the mines, the operators raised the cry of no agreement and claimed that they had been double-crossed.

The public has no interest in the issue of veracity between the attorney general and the operators. Either or both may be plain liars so far as the public knows or cares. But the public wants coal. It insists on having coal.

When the miners were recalcitrant and indifferent to a nation's need, the public denounced the miners and demanded that they go back to work. In that crisis the public's sympathy was with the operators. At least they had neither sympathy nor patience with the strikers.

But the public stands ready to denounce the operators today with the same vehemence employed in denouncing the miners. The public was not opposed to the miners—it only wanted coal and demanded that the miners go to work. It took sides with the operators only because the operators seemed to be willing to do the fair thing. That same public for the same reason will turn against the operators unless those operators keep faith with the public and show a disposition to play the game square.

The public is taking sides with neither party. It is taking up its own cudgel and fighting its own battle. It is against either party or both parties, if either or both fail to keep the faith. The public wants coal. It is dog tired of the selfish policy of petted interests and special interests. It wants this question settled and settled right. In the meantime it wants coal and it will not hesitate to swat any party or any organization that hinders production.

The public believes that the operators have double-crossed the public. It demands that the operators come clean.

It would be a great thing for Ada and all Pontotoc County if during the Christmas holidays the various school boards of the county could meet and give the teachers of the county a Christmas present by making a substantial increase in their salaries. We don't know if it could be done, but we know it would be a great thing for the teachers and a real service to the public. The sky-high prices of recent years have made it extremely hard for teachers to live on the salaries they are receiving, and as a consequence the schools of the county are destined to suffer. Competent teachers are being forced out of their chosen profession, leaving less experienced ones to take their places. No one can blame a teacher for accepting more lucrative employment, for one must live, and there is a scanty living in the salary of the average teacher. It is all right to talk about increasing the teacher's salary, but after all the only way to increase it is to get busy and increase it. And Christmas would be a mighty fine time to begin.

Another reason why the railway administration has been so successful is that the man who spent thirty years in working his way up from water boy to superintendent has been replaced by the college sophomore who controls the vote of the seventh ward.

Again we laugh when we read a hysterical editorial on the paper shortage run in a paper that uses these red paint Christmas covers.

DRY DECISION PUTS DETROIT IN THE AIR

By the Associated Press

DETROIT, Mich., Dec. 24.—While Michigan is "dry" by constitutional amendment, the recent decision of the United States supreme court upholding the war time prohibition act brought gloom to many who have been obtaining the forbidden fluid in various surreptitious ways.

For more than a year after Michigan joined the prohibition states it had been possible to secure bonded whiskey at \$6 and \$8 a quart. Hundreds of thousands of gallons of liquor have been smuggled into the state over the Ohio-Michigan line and an enormous quantity was brought in openly during one week when the search and seizure section of the Michigan prohibition law was rendered temporarily impotent by the state supreme court.

State and federal authorities, however, checked the deluge by court action and the "unofficial" market which had shown signs of demoralization quickly stabilized itself and prices went up a dollar or two a quart. The Ohio voted itself dry and whiskey alleged to be of the

"bonded" variety brought around \$14 a quart. With the decision of the United States Supreme Court came another boost and alcoholic cheer went to \$18 and \$29 a quart.

Despite famine prices an immense business is still being done in contraband liquor in Detroit, according to police records. It is estimated between 2,000 and 3,000 quarts of so-called bonded whiskey is daily sold here alone.

OFFICERS ARE CHASING UNIDENTIFIED BANDITS

By the Associated Press

FT. SMITH, Ark., Dec. 24.—Sheriff Ben Falkner and a posse of ten men are racing the two unidentified bandits who yesterday held up and robbed the Farmers State Bank at Gore, in the wilds of the Illinois river region. The trail was picked up this morning about 10 miles north of Gore and is being followed with all possible speed. The bandits have gone straight through farms, cutting barb wire fences as they came to them. No one has seen them since they locked the cashier in the vault and escaped with \$2,000 in currency.

Ada Playhouses

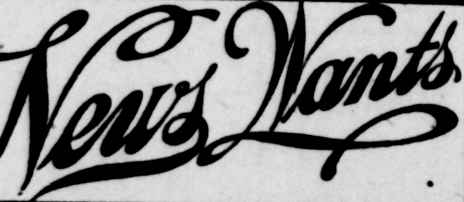

The playhouses have been planning some rare treats for the show-going people of Ada for the Christmas season which are sure to be appreciated by the patrons of each of these popular houses.

At the American today will be "Smashing Barriers," which has proven one of the most popular serials of the season. There will be an unusually good comedy, and best of all, will be seen several thousand feet of the very latest news from around the world. For Christmas day, matinee and night, they are showing the very funniest picture ever screened, showing pretty May Allison in "Fair and Warmer." This picture, as done by this popular star, is supposed to have even made the weather more famous. If you see this program you will be talking about the weather for many moons.

At the Liberty today and tomorrow, matinee and night, will be shown what is thought to be David W. Griffith's very best picture. The screen critic at the Universal studios said of this picture: "This story written by Griffith and interpreted by Miss Gish makes of it not a motion picture film but a 'voiceless art.'"

You cannot afford to miss it.

Bring your clean cotton rags to the Ada News office. We will pay you 3c a pound.

Samson Is Sued For One Divorce By His Wife

Mary Alexander filed suit for divorce from her husband, Samson Alexander, in district court yesterday. She is represented by C. O. Barton as attorney.

Plaintiff alleges that prior to March 9, 1919, she was a widow with some children living in the free state of Oklahoma. That on the day and date aforesaid she yielded to the wooing of Samson Alexander, defendant herein, and placing her hand in his, they twain became one flesh, and wended their way to his cabin to enjoy the balmy days of springtime in the superlative degree of love's young dream.

But according to petition filed herein, love's young dream soon became a positive nightmare. Samson, shorn of his locks of love, lost his sweet disposition and became very cross indeed. He manifested unmistakable symptoms of extreme cruelty and spent his hours about his fire-side grumbling like a grizzly bear at the approach of the hibernating season. He also developed a decided aversion to manual labor and failed and refused to support his bride and her children by a former marriage.

He also brought great pain and humiliation to the wife of his bosom by displaying an unholy interest in other women. Wherefore, plaintiff decided that the fruits of love are Dead Sea apples and that all is vanity and vexation of spirit.

Wherefore plaintiff appeals to the judge of the district bench to grant her one up-to-date divorce from Samson and award her such other relief as the statutes provide for the double-crossed.

Reeves-Weir

Tuesday afternoon at 3 o'clock at the home of the brides mother on West 14th Street, Mr. Noble D. Reeves and Miss Ollie Weir were united in marriage. Rev. C. C. Morris, Pastor of the First Baptist church, officiating, using the impressive ring ceremony.

Miss Weir is one of Ada's most popular young ladies. She has been employed as bookkeeper at the Ice plant for several months and is a young woman of good business ability as well as the possessor of many charms which make her exceedingly popular among the younger set of Ada.

The groom is a prosperous young business man of Idabel, Oklahoma where he is a manager of a flour and feed store operated at that place by Mr. L. E. Pettigrew. Mr. Reeves was formerly an employee of the Ada Milling Company of Ada, and is a young man of sterling worth.

The young couple will make their home in Idabel, Oklahoma.

Allen Armstrong

Tuesday afternoon at 5 o'clock at the parsonage of the First Baptist Church, Rev. C. C. Morris said the words that united Mr. James Allen and Miss Vivian Armstrong in the holy bonds of wedlock.

Miss Armstrong is one of Ada's most accomplished young ladies and is possessed of many rare charms and numbers her friends by her acquaintances.

Mr. Allen is from Longview, Texas and is a valued employee of the I. and G. N. Railroad at that point.

WALKING UNDER MANY DIFFICULTIES

"Believe me, I suffered from stomach and bowel trouble right. This weakened me so that I could scarcely walk. I could do no work. This was my condition when I started taking May's Wonderful Remedy on the advice of a friend. Now I am working every day and feel better than I ever did in my life. It is the only medicine that ever touched me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

A SURPRISE ON THE CHRISTIAN MINISTER

Immediately following a wedding last evening, which was itself somewhat of a surprise, was another surprise for C. V. Dunn, minister of the Christian Church. Before he was ready to leave the scene of the wedding, he was called up from the parsonage and informed that two couples were awaiting him there. He was asked how soon he could be there, and he said in about ten minutes. When he and his wife with the Allens arrived, it was found that not two couples, but a company of people had taken possession of the parsonage. The high expectations of the minister of marrying two more couples that evening were immediately dissipated, but another kind of joy took its place that was at least equally gratifying. These good people represented the church for which Mr. Dunn has ministered the past year. They had placed on the parlor table many things which were "good to look upon," but fortunately not forbidden fruit. After the embarrassment of the minister had worn off (his wife was not embarrassed for she was onto the trick,) and all had indulged in a good deal of humor, Mr. Dunn made a short talk expressing his appreciation of the kindness, which was appropriately responded to by Prof. Sears. Shortly after this the company retired and left the minister and his family to themselves to look over the things that had been brought. The minister and his wife highly appreciate this fine expression of kindness on the part of the church, and hope that the present good feeling may continue.

GOTHAM PAPERS NOT TO ISSUE CHRISTMAS

NEW YORK, Dec. 24.—Publishers of all newspapers in New York City, except two, who have already increased their rates, will advance the price of Sunday papers in the country districts to 10 cents on or before January 4, in answer to the plea of the house committee on postoffice and post roads that newspaper publishers immediately reduce consumption of news print paper 10 per cent below normal to relieve the paper shortage. This announcement was made today by the American Newspaper Publishers' association, which added that publishers of all but one New York paper had decided to issue no editions on either Christmas or New Year's day.

Josh High Says

Dear Ed, I thought that the fif Oklahoma congressional district was the only one in this hear country what lays down in an emergency election but it looks to me now like its got a side partner in this here back-trackin stuff namely twit a congressional district in that there state of wisconsin. Sin bein a part of that there states makeup it jest had to bust out with the latest commit against this here American republic of ours.

Ed did you never see nuthin like it before. There is that there town of milwaukee what made old 2 per sent look like the republican vote in mississippi when it come to turnin out the reel stuff with a backfire simlar to Hank Fords collectshun of tin first up and sends a man to congress whose name is victor-berger and he milte as well bin named Billiker no. 2 for all the speed he shode in helpin this country lick the Bush, then look what happens Ed. Atakin money from this here commonwealth of ourn he ups and helps the enemy what we was tryin to whip over in France all the time he was sittin there in Washington. But thet stuf didnt go with good sitizens an them what was tryin to do the rite thing up and bounced him outa that there seat he had and throwed him back at them milwaukee folks what had done the crime of sendin him to Washington. What they auto done Ed was book him passidge along with Golden and berkmen to parts unknown to all. Anyway Ed you an me an everybody else was willin to give that there town another chance sos it woodnt make no more mistakes in sendin representashun to Washington but now look Ed what they gone and done. At one of them there hit an miss electshuns where every man what dont vote thinks everyone but his self is votin this same Kizer friend nicked em all for a repeater and accordin to the dope by the help of all the enemies of good govt both votin and non votin cause you see Ed when a man is classed as a good sitisen and a upholder of this heer constitushun of ourn an lays down on a proposishun like this here one he at once an at the same time becomes a enemy of this govt.

But what I started out to say Ed was this. What is this here country comin to when t he big part of these voters of ourn continues to lay down an lets a small number run the govt. Of coarse this here second disgrace on wisconsin aint

go in to do nobody no harm for they is lots of ecks-soldiers in them parts what noes a hun when they pees one, but all in all nobody is doin his duty to hisself nor to his govt when he dont use that there vote witch is give him under the constitushun. Thas goes with the shese to.

Hopin you are the same, I am, yours trulie, JOSH.

Bring in that picture and let me frame it for you.—C. A. Cummins

A Merry Christmas and
A Happy New Year
to Everybody

It is a great thing to have been alive during this passing year of 1919. It has been a year of trouble and suspense; but that work of reconstruction had to be done, and many troubles are now behind us—bidding us remember that troubles fairly faced and met will all go behind us and disappear into yesterdays and yesteryears.

So we are looking forward into 1920 with hope and enthusiasm, and with a determination to make this store better than ever as an institution of service for our community.

Let's all set a high mark for ourselves in 1920—and then climb up to it!
